

UPPUTELLA VEENA

Junior Software Engineer

📍 Hyderabad | ✉ upputellav@gmail.com | 📞 +91 9398658463 | 🔗 upputellaveena.vercel.app

Professional Summary

Detail-oriented and creative Software Engineer with a strong foundation in UI/UX design. Experienced in building responsive user interfaces using React.js and crafting visual designs with Figma and Adobe tools. Skilled in translating Figma prototypes into polished web applications. Adept at bridging the gap between design and functionality.

Skills

UI/UX Tools: Figma, Adobe Photoshop, Illustrator, prototyping, wireframing

Frontend: HTML5, CSS3, Bootstrap

Tools: Visual Studio Code, Chrome Dev Tools

Soft Skills: Problem-Solving, Team Collaboration, Attention to Detail

Professional Experience

Junior Software Engineer

Suja Associates Pvt Ltd, Hyderabad | May 2024 – Present

- Designed and developed responsive UI screens in Angular based on Figma prototypes.
- Created wireframes and mockups for healthcare applications to improve user experience.
- Collaborated with designers, product owners, and developers to align UI with business requirements.
- Improved usability by implementing clean, accessible, and maintainable frontend code.

Quality Assurance Analyst

Wipro, Gopanpally | Sep 2023 – May 2024

- Conducted UI/UX reviews to ensure consistency with design guidelines.
- Provided actionable design feedback that improved usability across multiple projects.
- Supported regression and performance testing for enterprise apps.

Education

Bachelor of Engineering (ECE)

Matrusri Engineering College, Osmania University | 2020 – 2023 | GPA: 7.5

Diploma in Electronics and Communication Engineering

TKR College of Engineering and Technology | 2017 – 2020 | GPA: 7.9

Projects

Fernandez Hospital

- Led UI redesign efforts for Fernandez Hospital CareAxes portal.
- Improved visual layout, navigation, and user flow for better accessibility and responsiveness.

Careaxes – Healthcare Management Platform

- Developed key frontend modules using Angular for appointment booking, lab test tracking, and billing interfaces.
- Implemented role-based navigation and user access control on the front end.
